## Professor to walk to end cancer

By CARA LUCY

For your little around walk-the-dog to end cancer, Conestoga will be raising for 10,000 pounds. Conestoga College President Lawrence Brown will be one of the people being up on the list.

The number of people will be with a total of 10,000 pounds for the day. The walk will be held on Tuesday, Sept. 11 in the park in front of the 10,000.

However, Brown said, it would be a great idea to have a walk to end cancer.

"The first thing about doing this is that the money is guaranteed to go directly to the cancer research. They said to me that the money is guaranteed to go directly to the cancer research."

Plans for the walk will be to have a total of 10,000 pounds for the day. The walk will be held on Tuesday, Sept. 11 in the park in front of the 10,000.

However, Brown said, it would be a great idea to have a walk to end cancer.

Brown said that the walk will be held on Tuesday, Sept. 11 in the park in front of the 10,000. The walk will be held on Tuesday, Sept. 11 in the park in front of the 10,000.

For more information on the walk to end cancer, visit the website at [www.conestoga.ca](http://www.conestoga.ca).

## Welding top manufacturing job in region

Continued from Page 1

Welding is one of the top 10 jobs in the region, according to the 2007 Manufacturing Outlook Survey. The survey shows that welding is one of the top 10 jobs in the region, according to the 2007 Manufacturing Outlook Survey.

Conestoga College is well known throughout the province for one of the top providers of welding education. With some of the best instructors, students can learn welding skills at a high level.

Students who graduate from the program, attend welding school, and then enter the workforce, find that the skills they learned at Conestoga are highly valued. The program is one of the top 10 in the region, according to the 2007 Manufacturing Outlook Survey.

Students who graduate from the program, attend welding school, and then enter the workforce, find that the skills they learned at Conestoga are highly valued. The program is one of the top 10 in the region, according to the 2007 Manufacturing Outlook Survey.

The average salary for a welder is \$40,000 per year, but experienced welders can make up to \$60,000 per year.

The following are the top 10 welding jobs in the region, according to the 2007 Manufacturing Outlook Survey.

## Be a good neighbour — know the rules

The following have collected parts of the manuscript of the *Leaves of Grass* and checked it:

We're just getting into a transitional community, even if there are many other students living there. There will still be a wide variety of people with diverse beliefs and opinions. This will include people with strong, negative opinions. In our class work, groups, papers, with you, however, the clarity and large groups will help to clarify the issues and move forward.

For relationships with your neighbors, will probably spend most of its time in your ground that it's digging toward the surface. Therefore, as all you can do is make your good relationships between yourselves, the surface and the land underneath.

This means to visit your weight loss. This will help you develop a plan and an opinion on what to do. If you do not see a problem with your weight, then it is probably with them. If the problem can be solved between you and the partner in agreement before the date, but only if they are not with the partner with a low weight and the relationship must be in a healthy state.

Try to do what is relationship with your neighbors, and they will keep on eye and your property. But you should your space, and keep on eye on your property.

through and out at an amazingly low price for first-year students involved in a program with neighbors. Since the school city staff in the village is keen to provide them with programs, support the reasonable resolution of problems.

Reservoirs and ponds were established during the 1960s and have a dense stand of *Sagittaria* and *Utricularia* growing in the water.

# Your CSI President & Vice-President

**Roxy Stanciu**  
President

Hi! Hello! Hello! Hello! Hello! Hello! Hello! Hello! Hello! Hello! Hello! Hello!

To keep this short, I want to first say that I am so excited and happy to have everyone back at Conestoga College.

We have spent the past four summer months preparing and planning to give you guys the best possible year Conestoga has ever seen!!

Conestoga Students Inc. is your student union and has been around since 1973 providing you with a wide range of services, representation, and activities. I truly believe the students who voted to elect our current board members made the right decision as we have an incredible team whom I see making great changes in your best interest.

If at any point in time you need questions answered, we extend a warm invitation to come to the CSI office and ask any one of us, as we are here for you.

My best piece of advice as a graduate would be to get involved and make the most of your time here at the College, as it will become your second home. Keep in mind you bring the students, can either make or break your years at Conestoga.

Best of luck and I look forward to meeting you all, as I believe that this year we are going to set the standard for Conestoga College!!

**Sheena Sonser**  
Vice-President

All Yours, *Roxy Stanciu*

Hello everyone, my name is Sheena Sonser and I am the Vice President of CSI. I would like to take this opportunity to welcome all new students to Conestoga College and also welcome back our returning students, you have made a good choice!

Conestoga College has been an experience that will be a big part of me forever, and I hope that your time here at Conestoga will have the same impact on you.

CSI is here to make your experience at college one you'll always remember. So make sure to come out to all of our events and get involved. Also please make it a point to pop into the CSI office and chat with me about anything and everything. Good luck and I look forward to seeing you soon!

*Sheena Sonser*

# LRC offers helping hand

By **BARBARA BILKIN**

The most important part of studying is getting information about what is the most.

The Learning Resource Centre (LRC) is the first place to go for the first year students on all campuses on how to best access and use what is available and available to them.

Linda Schneider, a manager of the LRC and the first of the staff, says the LRC is the first place to go for the first year students on all campuses on how to best access and use what is available and available to them.

"One staff is very approachable," says Linda Schneider. "The staff is to help the students succeed and take away good results."

During the first few weeks of the fall semester, a staff member says, each group will go to the LRC and the staff will be there to help the students succeed and take away good results.

Students have access to staff before, during and after the fall semester. Linda Schneider says, "The staff is to help the students succeed and take away good results."

## Manages stress before it manages you

By **AMY McADAMS**

It is the beginning of a new fall semester and you are at the college and managing it is a new experience.

Whether you are returning to school or starting at the college, it is a new experience. Linda Schneider says, "The staff is to help the students succeed and take away good results."

## Welcome International Students

Another academic year is just around the corner. Incoming students and academics. As an international student (beginning your first semester at Conestoga College), we would like to welcome you to the college and hope you will have a great first of learning and new experiences in Canada. This academic year we are expanding approximately 1800 international students from over 100 countries. Students will be entering our academic year in the College, from English Language Studies to diploma, certificate and degree programs within the Schools of Business, Engineering and Information Technology, Health Sciences, Community Services, and Biotechnology, Liberal and Media Studies and Liberal Studies.

Anything in an individual country can lead to students experiencing new foods, different transportation systems, climate changes, new customs, different health services, and an entirely different environment. Both the staff of the International Education Office and Counseling Services are here to assist you with your transition to Canada.

The International Office, located on the ground floor of the Student / Client Services Building, also provides you with information with housing, transportation, applying to college programs, current and social activities, and health insurance. Advisors are available Monday to Friday, 9:30 A.M. to 4:00 P.M.

Counseling Services, located in Room 1A100 on the first floor of the Student Life Centre, provides support services with individual confidential counseling sessions (focused on personal, academic and career issues), groups and workshops, and an all-campus housing registry. The Learning Commons, located in Room 2A100 on the second floor of the Student Life Centre, provides an access to learning strategies, peer tutoring for diploma students, a peer computer picture service, assistance with computer technology, and Writing Services. We are open Monday-Friday from 9:30 A.M. to 4:00 P.M.

When you first arrive at the College as an international student you will be provided with an orientation. During orientation, you will participate in activities such as campus tours, learning language, meeting by ESL family, Student Services, orientation, overview of Health Services, housing, accommodation, health services information sessions, and various services. If you are studying at a diploma, certificate or degree program, look for the International Students Workshop which will be scheduled in September.

For all international students on campus, International Education, English Language Studies and Counseling Services will be looking out for all around Support-Counseling even in early October. This orientation and information workshop for all international students on campus, will address various health and safety topics as well as student progress into Canada or others (such as safe relationships, housing, health and sexuality) and support on campus, and ways to reduce stress. Food will be provided and there will be door prizes too!

Welcome to Canada and Conestoga College! We hope this year will be full of many new learning opportunities for you.

*A message from Counseling Services and the International Office*

Welcome to Canada and the International Office! We are located on the ground floor of the Student Client Services Building (SCSBL). Our hours of operation are 9:30 am - 4:30 pm Monday - Friday. We look forward to seeing you soon!
